All,

Attached please find an agenda for our meeting next week in Concord as well as a copy of the comments that have been provided to us by the NHFG - Nongame and Endangered Wildlife Program. We plan to use these NHFG comments as a starting point for conversations next week regarding spring and summer species-specific surveys and then follow-up with any additional comments/concerns for the spring and summer field seasons. On that note, if any other agencies/programs have written comments that they would like to provide us prior to the meeting, please feel free to send those to us and we can include them as part of the meeting.

If you have any questions, please do not hesitate to contact the SE Group Team.

Thanks,
Courtney

All,

Thank you for the feedback on your availability. I will be sending out a meeting invite shortly, but to let you know, we will be proceeding with the meeting on March 28th in Concord, starting at 10 am. We are tentatively scheduled to hold the meeting at USFWS's office but depending on the total number of attendees, a larger venue may be necessary. We will plan to send meeting materials out to the group next week. If there are any issues or concerns that have not previously been identified and that you'd like to discuss during the meeting, please let us know and we will be sure to include them on the agenda.

Thanks,
Courtney

Subject: Northern Pass Spring/Summer Survey Agency Consultation

All,

As part of the SE Group Team's effort to begin developing work plans for spring and summer biological surveys related to the Northern Pass Transmission project, we would like to set up a meeting with all applicable USFS, USFWS, NHFG, and NHNHB staff to discuss threatened and endangered species, wildlife, fisheries, and botanical concerns you may have for the spring and summer field seasons. If possible we would like to hold this meeting in Concord during the week of March 25th, 2013. As a starting point, I would like to propose the morning of Thursday, March 28th for the meeting. If you could please let me know your availability during that week, we will work to accommodate as many schedules as possible for the meeting.

Regards,
Courtney
